

# EACH OF RIVALS CLAIMS THE RIGHT TO BE CHIEF EXECUTIVE

ALBUQUERQUE, N. M., Aug. 10.—Formal demand for the surrender of the executive chamber and offices. The party seal and all books, papers, records and documents relating to the executive department was made up on Governor William Butler this afternoon by Lieutenant Governor Martin H. Glavin. Governor Butler refused to comply with the demand.

ALBUQUERQUE, N. M., Aug. 10.—The second day of the dual administration in New Mexico state dawned in a whirlwind of confusion in the executive chamber with a heavy fog of confusion. The great seal of the state, which had been under the seal of the executive chamber, was being moved from the executive chamber to the governor's office. The seal of the executive chamber was being moved from the executive chamber to the governor's office.

Control of the national guard is the great seal of recognition. The New Mexico seal of recognition is the great seal of recognition. The New Mexico seal of recognition is the great seal of recognition. The New Mexico seal of recognition is the great seal of recognition.

It was Glavin's move on the political chess board today. He planned a checkmate. He gave no hint to his opponent of what this move would be.

Mr. Butler still lies ill today with symptoms in constant attendance. She was slightly improved by a refreshing sleep. Aaron J. Love, majority leader who led the fight on the assembly floor for impeachment is also suffering from a nervous breakdown. The impeachment of Governor Butler will not affect his salary check preliminary to or during the impeachment trial. He will continue to draw \$33 a month from the office of the comptroller during the remainder of his term unless it is voted on the impeachment charge. Then of course his salary will stop.

Members of the senate, whose salaries are \$100 will for short time receive pay at the rate of \$1200 a week each. This will be during the time they are sitting with the judges of the state court of appeals in a court of impeachment.

London, N. I. Aug. 10.—A head-on collision between a passenger train and a freight train resulted in a head-on collision between a passenger train and a freight train. The passenger train was traveling from New York to Boston and the freight train was traveling from Boston to New York. The collision occurred near the town of New Rochelle, N. Y.

# DOTHAN'S NEW STORE

---

A new store under an old reliable name, carrying out the High Standard and Principles of the old firm of Saxon and Heard, in a more efficient and satisfactory manner.

Just fifteen years ago the firm of Saxon and Heard started business in a moderate way, commensurate with the size of Dothan and surrounding territory; taking as their policy:—"Honesty and Fair Dealings With the Public."

Their reward for upholding this high standard in every transaction they made was a constant and steady growth.

In 1910 they took Mr. Williams in as a partner, incorporated the firm under the firm name of Saxon-Heard-Williams Company, but in May of this year, Saxon & Heard saw fit to withdraw from the old firm to open up again for themselves, under the name of Saxon-Heard Dry Goods Company.

So in order to have an establishment that will enable them to better serve their patrons, are having erected, next door to their old stand, a new building.

This store will be entirely new and up-to-date in every way, being equipped with convenient and modern fixtures for the welfare and comfort of their customers, also permitting them to carry a larger and more varied assortment than ever.

The Saxon-Heard Dry Goods Company will continue to do business on the same high principles as did the old firm of Saxon & Heard, carrying only such lines of merchandise as would be a credit to any store, and giving at all times courteous and careful attention to every customer who enters our store.

We have put forth every effort in the last few months to get the best of every line and as good an assortment as it is possible in a city of this size.

When we open up about Sept. 1, and you pay us a visit, we believe you will bear us out in saying that we have the best and biggest assortment of staple and fancy Dress Goods, Ladies' & Children's Furnishings **THAT YOU HAVE EVER HAD AN OPPORTUNITY OF SEEING IN DOTHAN.**

## PACE'S FRIENDS WANT HIM FOR CONGRESS

The news reaches the Adjutant from Dublin that a large number of business men of that city are strongly in opposition to Capt. Pate's well known determination to enter the electoral contest from the Third Congressional District. It is known that if Captain Pate enters the race it will be the institution of his friends—he will not push himself into a race for his own gratification or for the advancement of his political friends. Captain Pate is never held political office but in a time of trouble he has been called to save himself from a political office would call him but he would not do it until a few months ago when it was announced that Captain Pate would be elected to the Twenty-third Congress would mean his defeat when the friends of Captain Pate indicated him as a candidate for the Twenty-sixth Congress. Mr. Parks learned that Captain Pate was elected at the time that Captain Pate would have been appointed but he failed to be re-elected.
